GROUNDS COMMITTEE

We officially have made it to fall and finally received some much-needed rain. The fairways and rough are already starting to show improvements and the seeded areas are starting to germinate.

With fall golf come leaves and we will do our best to clear from playing areas daily and mulch them up as needed with our rotary rough mowers.

Aerification will continue and topdressing of areas such as tees and approaches. We are scheduled to core aerify greens in mid-October with a heavy sand top-dress of greens surfaces.

Thanks again,

Andy

BCC WOMEN'S GOLF ASSOCIATION

The women of the Women's Golf Association continue to play golf on Tuesdays beginning at 10:00 a.m. weather permitting for the remainder of the golf season. We have cancelled the handicap tournament due to the lateness into the season and the number of matches still to be played.

We are planning an end of season luncheon at the club on Saturday, October 5 at noon. We will wrap up the season, recognize award winners for the 2024 golf season and just have a good time before winter sets in. If you haven't made your reservation, please do so by texting Kathy George at 304-641-0616. Details from the luncheon will be in next month's newsletter.
